

# RSA Group Membership

RSA's mission is to inspire and enable the delivery of better outcomes and experiences in kidney care. With our 50+ year legacy, the RSA is exclusively positioned to harness the expertise and knowledge of the diverse renal nursing and allied health communities across Australia and Aotearoa New Zealand.

By joining RSA as a member, you can:

**Amplify your voice** - Members are the collective voice of those that are advancing the care of people with kidney disease. As RSA moves into the advocacy space, we invite members to participate in shaping policy that impacts the industry.

**Stay current on research and best practice** - Exchanging information and sharing best practices with peers is invaluable when it comes to issues that affect the entire industry. RSA membership provides access to a wide range of specialised training opportunities to advance your personal knowledge and increase your credibility within the kidney health profession.

**Enhance your professional reputation** - The best way to make your membership worthwhile is getting involved!

RSA membership provides you with access to:

- Leading research in kidney health
- 24-7 online learning
- Access to the RSA Mentor Program
- Free monthly webinars on kidney health related topics
- Discounted access to in-person events and workshops across Australia
- and New Zealand
- Scholarships and education grants
- Participation in working groups, special interest groups and
- opportunities to give back to the kidney health community.

Sign up your team and save! Group memberships are available for teams across Australia and New Zealand. See next page for a full list of pricing options.

# RSA Group Membership

To be eligible for a group membership, fees must be paid with a single invoice (no part payments are available for RSA Group Memberships). All members will have the same expiry date and will be billed at the same time each year. Teams can add members throughout the year for no additional fee, if they stay within their team size bracket.
